### **Technical Data Sheet (Page 2 of 2)**

#### **APPLICATION 7 REDUCTION:**

Apply by brush or roll methods (or spray for Type I). Thin with MIL-T-81772B Type III Reducer or TT-X-916 Xylene as needed to facilitate proper flow. For Type II, do not over brush so that an even distribution of the grit is achieved.

#### **SURFACE PREPARATION:**

Surface must be completely clean, structurally sound, and free of all contaminants (including dirt, wax, loose paint, grease, etc.). Do not paint over moist / wet surfaces.

#### **PRECAUTIONS:**

KEEP OUT OF REACH OF CHILDREN.

USE WITH ADEQUATE VENTILATION.

AVOID CONTACT WITH SKIN AND EYES.

READ MATERIAL SAFETY DATA SHEET BEFORE USING.

CONTENTS ARE FLAMMABLE.
